

Announcement

The Alberta Chambers of Commerce partners with SafeDay Canada, an Edmonton-based PPE company, to provide education, services and supplies to over 25,000 businesses across Alberta

Message from the President, Ryan Vesty

SafeDay Canada has established partnerships with reliable, Canadian manufacturers that produce quality products and effective ways to bring these products to market. We have taken great strides to ensure that these valuable partnerships are scalable and sustainable.

I'm excited to announce our partnership with the Alberta Chambers of Commerce. The ACC network of 122 community chambers represents over 25,000 businesses in Alberta. Our collective objective is to ensure businesses understand and implement the proper protective measures according to the rules and regulations of municipal, provincial and federal orders of government.

The ACC and SafeDay Canada are committed to providing education, awareness and the supplies needed in order to get through this together.

"Alberta job creators have been leaders in adapting their businesses to meet the new health and safety requirements of the COVID-19 pandemic," says ACC President and CEO Ken Kobly.

"In doing so, there's been increased demand for safe, locally sourced PPE. Through this partnership with SafeDay Canada, more Alberta business operators will be able to access the reliable, high-quality PPE they need to keep their doors open."

SafeDay Canada is an Alberta company providing the highest quality, domestically sourced PPE products and services to customers across Canada. Through a challenging and fluid landscape SafeDay has been at the forefront of the response providing B2B channels, strategic partnerships and education on how to keep family, friends and coworkers safe.

SafeDay offers a variety of PPE products including Canadian-made disposable face masks, a wide range of sanitizer options and PPE Sani-Centre vending machines.
